

# BIG DATA LIVES HERE

Your business has big data needs. We can support them! Our flagship data center, DC1, is a state-of-the-art data center facility that offers dual redundant commercial power feeds, lowest power cost per kWh in the region and multiple telecommunication service providers with diverse paths into DC1. DC1 is strategically located within 15 minutes of the Yeager Airport and is adjacent to 3 major interstate highways.

## alpha DC1 FEATURES TECHNOLOGIES

### SECURE

On site security guard, video surveillance, and independent multi-level access controls available throughout the data center monitored 7 x 24 x 365.

### COMPLIANT

Over 20+ years pioneering managed network services and maintains 3 major compliance certifications: HIPAA, SOC, and PCI.

### SUSTAINABLE

Redundant commercial power feeds with multiple megawatt backup diesel generators to guarantee server availability.

### CONNECTED

Multiple telecommunications service providers with diverse paths into DC1 to ensure maximum reachability to your servers from all remote locations.
